

UTV / Cart Safety

UTVs/carts, like all types of equipment, are only as safe as the operator allows them to be. Understanding your vehicle's capabilities, limitations and controls is key to safe operation.

Choose the video link below that best fits the type vehicle you will be operating:

Bobcat

John Deere - Utility Gators

<https://www.youtube.com/watch?v=kVSUKLnCuaE>

John Deere - Gator RSX

<http://www.youtube.com/watch?v=olz4bL3qFd0>

Polaris Ranger

https://youtu.be/ufyALnUdn_A

For all others UTVs watch

<https://youtu.be/kKfNjnuCaA>

Please specify make/model you operate _____

I have watched the entire video (above, as designated with a check mark), understand the safety rules & & specific controls for the UTV I will be operating. I can perform a pre-operation check and am familiar with the owner's manual.

Employee (Print & Signature) _____ Date _____

Supervisor (Print & Signature) _____ Date _____
